Notes

Terms and conditions

1. General

In these conditions, reference to the Company shall mean Pegler Yorkshire. All quotations are made and all orders are accepted subject to these conditions. All other terms, conditions or warranties whatsoever are excluded from the contract or any variation thereof unless expressly accepted by the Company in writing. In the event of a conflict between these conditions and the specific terms and conditions of quotation then the latter shall prevail.

2. Electronic Trading

a) If the Company and Buyer agree that electronic trading between them shall be a basis for order processing and invoicing then the Standard Interchange Agreement (1st Edition March 1989) of the EDI Association shall be incorporated into the contract by reference subject to these conditions.

b) Electronic orders shall be valid if all the information agreed between the Buyer and the Company as being required is properly set out in the agreed format and the order is transmitted by the Buyer to the Company by reference to the correct identification code and is received by the Company when collecting its electronic mail from the relevant system.

c) Each valid electronic order will be deemed accepted by the Company unless the Company communicates rejection of the order to the Buyer by electronic or other means (including telephone) within 24 hours of receipt. Acceptance of an order shall constitute a contract for sale and purchase to which these conditions and the Standard Interchange Agreement shall prevail.

d) If the Company and the Buyer agree that invoicing may be done by electronic mail, then payment will be due 30 days after the date of electronic invoice unless agreed otherwise.

3. Delivery

Any date for delivery named by the Company is an estimate only and in no circumstances shall the failure of the Company to deliver on or before the named date either entitle the Buyer to rescind or terminate the contract or make the Company liable in any way for the consequences of any delay.

4. Export

Unless specifically stated otherwise in these conditions all trade terms not specifically covered by these conditions shall be interpreted in accordance with INCOTERMS current on the date of that order.

5. Warranty and Defective Goods

a) Save as otherwise provided by the other conditions of these Conditions, sections 12 to 15 of the Sale of Goods Act 1979 are to be implied into this contract.

b) The goods delivered under the Contract shall, where the Contract includes a specification, comply with the specification or, if there is no specification, shall be of normal industrial quality.

c) The Buyer does not rely on any statement or representations other than those which have been made in writing by the Company.

d) The Buyer must give the Company immediate written notice of any defect in the goods. Such goods shall be returned to the Company and if proved to have been defective at delivery as a result of faulty materials or workmanship, the Company shall at its option replace or repair such goods. Defects in quality or dimension in any delivery shall not be ground for cancellation of the remainder of the order.

e) Save for any liability for death or personal injury caused by the Company's negligence, the Company's liability in connection with defective goods shall be limited to the repair or supply of a replacement for the defective goods, and the Company shall not be liable for any other loss or damage including, but not limited to loss of profit, labour costs, damage to property, wasted expenditure or cost of mitigation.

6. Data and Technical Information

The information contained in the advertising sales and technical literature issued by the Company may be relied upon to be accurate in the exact circumstances in which it is expressed. Any illustrations, performance details, examples of illustrations and methods of assembly and all other technical data in such literature are based on experience and upon trials under test conditions and are provided for general guidance only.

7. Claims For Damage, Shortage or Loss

No claim for loss of goods in transit can be accepted unless a separate notice in writing is given to the carrier concerned and to the Company, and a complete claim in writing made within 21 days of the date of consignment. Where goods are accepted from the carrier concerned without being checked, the delivery book of the carrier must be signed "not examined". If a complaint is not made to the Company as herein provided, the products shall be deemed to be in all respects in accordance with the Contract, and the Buyer shall be bound to pay for the same accordingly.

8. Suspension of Deliveries

b) Title to the goods supplied under the contract shall only pass to the Buyer when payment in full for all goods supplied under this and all other contracts between the Company and the Buyer has been received by the Company. The Company reserves the immediate right to possession of and at any time may recover all goods in respect of which

title has not passed to the Buyer; the Company is hereby authorised by the Buyer to enter upon any premises where such goods are held by or on behalf of the Buyer and recover possession thereof.
